Professional Profile

Software Engineer with 2 years of commercial experience delivering React/Typescript applications and C# .NET APIs in a production environment. Promoted from apprentice to engineer in 2024 after demonstrating consistent delivery and code quality. Skilled in collaborating across cross-functional teams and dedicated to improving developer experience whilst adding value to the end user. Outside of work, independently designed and shipped a commercial C# game on Steam – taking sole ownership of all systems, architecture and release. Driven by clean code, well-designed systems and genuine craft.

Key Skills

Frontend:
React · TypeScript · Vitest

Backend:
C# .NET APIs · SQL · REST

Tooling:
Git (GitHub/GitLab) · CI/CD · Postman · Jira · Agile/Scrum

Design:
Adobe CC · Figma · UX/UI principles · FMOD

Professional Experience

Software Engineer

CorPay (Hybrid) – March 2023 – Present

CorPay delivers white-label fleet management solutions internationally. Working across a C# .NET backend and React/TypeScript frontend, serving multiple lines of business.

- **Rebuilt React portal navigation architecture** - replaced legacy structure with a scalable vertical sidebar, improving accessibility, consistency, and future extensibility
- **Refactored legacy C# API layer** - consolidated error handling strategy and removed widespread code duplication across multiple endpoints, improving reliability and maintainability

- Collaborated directly with stakeholders to translate business requirements into delivered features, reducing ambiguity between design and development

---

Solo Developer

Don't Forget to Smile (Steam) - Personal Project
[View on Steam]

Sole developer on a fully shipped commercial 2D game built in C# and Unity. Responsible for all game systems, enemy AI, audio integration (FMOD), Steam SDK, and marketing. This project deepened practical knowledge of modular architecture, defensive coding, and owning a codebase from blank file to public release.

Education & Certifications

BSc (Hons) Computing & IT with Business
Open University | *2017 – Present, part-time*

Level 4 Software Engineering – *Pass*
Digital Native | *2024*

BTEC Level 3 Media & Digital Art – *DDM*
North Warwickshire & Hinckley College | 2012

10 GCSEs above C, A in Maths

Hobbies & Interests

Husband · Father · Game Dev · Airsoft · Board Games · Motorbikes · Download Festival
